Rocket Competition Fought At 30,000 Ft.

COLD LAKE—The RAF's firs annual air-to-air rocket meet i now under way at this air statio. 165 miles northeast of Edmonton.

Eighteen teams are competing for the McBain trophy, which will go to the team which scores best with the deadly 2.75-inch rocket, fired from CF-100 all-weather interceptors at a 30,000-foot altitude.

The teams, two from each squadron across Canada, fire rockets at "radops," small, torpedo-shaped targets which are towed behind other jet aircraft.

Each team is composed of 16 specialists, including pilots, radar observers, ground radar controllers, armament system experts and maintenance personnel.

Neither pilot nor navigator of the precision teams ever sees the target. The operation is controlled by radar from the time the interceptor leaves the ground until contact of the rocket with the target is made—or missed.

The competition is designed to test the team's understanding of the air defence system of interception, Sqdn. Ldr. Bill Vincent officer commanding the weapon practice unit, said.

Farewell Party For Air Force Member

BAYVIEW— A farewell party was held Sept. 7 by Mr. and Mrs. Art Varin for their son Arthur, a member of the United States Air Force. On furlough after training in Texas and Louisiana for some time, he last week travelled by plane to New York. From there he will go overseas to be stationed at an American camp in England.

Forty guests attended the party where dancing was enjoyed and a buffet supper was served.

MR AND MRS. ROBERT TAYLOR CELEBRATE 64TH ANNIVERSARY

BRIEREVILLE — Mr. and Mrs. Robert Taylor of Tofield celebrated their 64th anniversary recently at Ben's Lake, now known as Kaleland, where approximately 70 of their descendants, including five generations were present.

A total of 111 persons paid tribute to the old-timers and enjoyed a banquet supper followed by an evening of social activities. Two of their daughters were unable to be present.

Mr. Taylor, who filed on land in the Briereville district about 20 years ago, lived part time on his homestead here, and on land he owned at Kaleland.

Christabelle Monkman became the bride of Robert Taylor in 1893 at the home of Rev. Dr. Newton of Clover Bar. Mr. Taylor was born at Lower Fort Garry, Winnipeg, May 23, 1873.

Mrs. Taylor was born in 1874 at Prince Albert, Sask. To this union 12 children were born, eight of whom are living. They are Mrs. Robert Simpson of Vegreville, Mrs. Albert Nelson of Edmonton, Mrs. Robert Hellerud of Briereville, Mrs. Winnie Henderson of Edmonton, Mrs. Tony Bourgette of Edmonton, Mrs. Harold Norgenson of Vegreville, Glen Taylor of Ardmore and Thomas Taylor of Tofield.

They have 48 grandchildren, 80 great - grandchildren, and five great - great - grandchildren.

Mr. and Mrs. Taylor settled at Soda Lake for a few years after they were married, then moved to Ben's Lake in 1903, where they made their home until five years ago. They then moved to Bonnyville to live with their son Tom who works on the section.

Mr. and Mrs. Taylor are enjoying good health, at the ages of 84 and 83 respectively.

Gather Names For T.B. X-Ray Clinic

BOYLE — The Women's Institute with the help of ladies from other clubs are gathering signatures for the T.B. chest X-ray clinic to be held here around the middle of November.

As soon as everyone has been contacted, the X-ray unit will be notified and each family will receive an appointment time card.

Ellscott

Mr. and Mrs. Mike Bochansky of Edmonton were recent visitors at the home of Mr. and Mrs. Hans Hofmann.

In spite of poor weather conditions, a well-attended dance was held in Ellscott hall on Friday, Sept. 6, with Sauer's orchestra supplying the music.

PILOT FOUND ALIVE, WELL

EDMONTON — The pilot of a Gateway Aviation Cessna 180 aircraft that crashed about 60 miles southwest of Fort Nelson in northeastern British Columbia was found alive Sunday. He was reported to be in good condition.

An R.C.A.F. spokesman said word was received here that pilot Arthur Burrell of Dawson Creek, B.C., was "okay" after his light aircraft had been found crashed 10 miles from Tuchodi Lake, its destination. The pilot was the only person aboard.

CNE Attendance Down This Year

TORONTO (BUP)—The Canadian National Exhibition closed in Toronto short of its three-million attendance target.

Officials say total attendance for the 12-day giant show was a little over two-million 800 thousand—a drop of 28 thousand from last year's record total.

Officials blame the poor weather for the drop in attendance and consider scheduling next year's exhibition a week earlier.

The CF-100 which crashed into Toronto harbor Thursday afternoon almost brought to a premature end the international air show. The air show went ahead however, after Manager I. Young had agreed to Toronto Mayor Nathan Phillips demand that the planes keep out of the water and did not fly over the crowded downtown area. On show to thousands of spectators were Sabre Jets, the new submarine-hunter Argus, Neptunes, Canucks and Silver Stars.

This FALL for your GRASSLANDS and STUBBLE
BUY AND APPLY NITROGEN
... the plant food your crop uses most for bigger, better yields in 1958!

Your crops use more Nitrogen than any other plant food — 40 bushels of wheat take 47 lbs. of Nitrogen from your soil, two tons of brome hay take 60 lbs. away. Without Nitrogen, your crops would starve!

Spread Elephant Brand High Nitrogen Fertilizers* on your stubble or pasture now! Next Spring, even before you can get on your land, fertilized grasslands are growing ... Nitrogen is decomposing crop residue on stubble land, providing *more* valuable plant food.

Here are three ways of applying Elephant Brand High Nitrogen Fertilizer: (1) with a Universal Fertilizer attachment, by removing the bottom ends of the attachment hoses from the top of the grain ribbon tubes (2) with a worn-out grain drill with the furrow openers removed (3) with a regular broadcast spreader.

FOR GRASSLANDS

Nitrogen applied in the Fall means more money for you ... you can put twice as many head on every acre, get them on the land from 3 to 4 weeks sooner and keep them there longer.

Elephant Brand High Nitrogen Fertilizers* produce more better tasting forage, richer in essential proteins and minerals - you'll see the difference in fatter steers and heifers, and more milk production.

FOR STUBBLE

Nitrogen on stubble speeds up decomposition of valuable crop residues. In Spring plant food from both the crop residue and the Nitrogen fertilizer is available to the new crop. The young plants benefit immediately from the readily available food in Elephant Brand High Nitrogen Fertilizers*

CWNA President States Weeklies Have Effect On Canadian Unity

BANFF — The weekly newspaper makes a vital contribution to Canada's development, William Draayer of Wetaskiwin, president of the Canadian Weekly Newspapers Association, told the opening session of the CWNA convention, Monday.

BANFF—The weekly newspaper makes a vital contribution to Canada's development William Draayer of Wetaskiwin, president of the Canadian Weekly Newspapers Association, told the opening session of the CWNA convention Monday.

"Weekly newspapers have been a positive influence in the unification and common purpose which has lifted Canada to its present status within the Commonwealth and among the nations of the world."

Mr. Draayer addressed editors of weekly newspapers from across Canada and from Britain. Between 400 and 500 weekly editors, their wives and guests are attending the conference.

Guests include 20 British weekly newspaper publishers and editors on a tour of Canada.

Following the opening session Monday, awards for printing competitions were announced.

The Virden (Man.) Empire Advance won the Charters Cup for the best Christmas issue among Canadian weeklies. The Montmagny (Que.) Le Courrier de Montmagny was second and the Kindersley (Sask.) Clarion third.

The Yorkton (Sask.) Enterprise won the Printer and Publisher trophy for the best sports page while the Camrose (Alta.) Canadian was second and the Red Deer (Alta) Advocate third.

The H. E. Rice trophy for best local spot news picture was won by the Brampton (Ont.) Conservator with the Renfrew (Ont.) Advance second and the Winkler (Man.) Progress third.

Winner of the David Bean memorial trophy for creative printing was the Blenheim (Ont.) News-Tribune wth the St. Vital (Man.) Lance second and the Midland (Ont.) Free Press third.

General printing excellence winner was the Peterborough, (Ont.) Review, which won the George Legge memorial trophy. The Seaforth (Ont.) Huron Expositor and the St. Vital Lance were runners-up.

Dentist Urges Fluoridation

EDMONTON — Dr. C. R. Castaldi, University of Alberta professor. said Alberta should lead Canada by starting a province-wide fluoridation program without further delay.

He told about 90 delegates to the annual convention of the Alberta division of the Canadian Public Health Association he is concerned with the increase in dental and oral disease.

He said "recent surveys of the World Health Organization have indicated that dental and oral disease have now surpassed malaria and the common cold as the most prevalent affliction of man.

Dr. David Keys of the Mountainview Health Unit, Calgary, was elected president.

W. A. Milligan of Edmonton, chief provincial plumbing inspector, was named vice-president; Miss Vilma Day of the Red Deer Health Unit, secretary; and Miss Irene Stewart of the Calgary Health Dept., treasurer.

DISTRICT AGRICULTURIST NOTES

By J. S. LORE

About two months ago I had this article in my column, but due to recent reports on Black Leg and Malignant Edema in this area, I think it is wise to run it again.

In the past few years there have been several losses of cattle due to Blackleg. The incidence of Blackleg in this area seems to be increasing and the reason that it is increasing is that livestock operators are not immunizing their calves against this disease.

Blackleg and its twin Malignant Edema, are cattle diseasese that are probably as old as the hills. Only in the lab can they be accurately differentiated. Dr. E. E. Ballantyne, Director of Veterinary Services, Alberta Department of Agriculture, reports that to the end of May 1957 at the Veterinary Laboratory 8 casees of Blackleg, 8 of malignant edema, 3 mixed clostridial infections and 1 clostridium perfrigens were found.

Characteristics of lackleg and Malignant Edema is lameness and swellings that crackle on pressure due to gas under the hide. Death may appear to be due to bloat. With these diseases, however, bloat occurs after death. Stricken carcasses should be burnt or buried to prevent further spread of these highly resistant spores.

The best preventative is vaccinating cattle with a dual purpose bacterin that will take care of both diseases. Dr. Ballantyne advises keeping this bacterin refrigerated until used, and says time to administer it is when the cattle are from 3-6 months of age.

The cost of this vaccine is very small and considering the effectiveness of the vaccine and the danger of potential loss, I think it is poor business not to immunize the calves against this disease.

Caslan

Roger Varze is back as principal at the Caslan school. Two new members are on the staff this year. Missees Evelyn and Evonne Pierce are teaching the other rooms.

Pat Gordon has returned to Caslan to do the combining of grain on his farm.

Rev. Gaetz has been showing religious slides and holding sermons at the Caslan school during the past week.

Rufus Woodworth of Ontario has arrived with his farm machinery and is making his home with his brother Oliver.

The Rev. Chapman has taken over the teaching duties at the Caslan Colony school.

Mrs. S. Cislo was a recent business visitor to Edmonton.

Bill Wolansky was home on a few days holiday from Thorhild.

Canada's Old Age Security Fund is running in the red to the tune of about $60,000,000 a year.

Spruce Valley

Visitors to Athabasca were Mr. and Mrs. K. Zilinski and their infant son, and Mr. and Mrs. J. Pretula, Bryan and Audrey.

Nick Zilinski is building a new home.

The Triad and Cantex Oil Drilling are almost ready to start drilling their first oil well which is located on Steve Maheden's farm, nine miles north of the Spruce Valley post office.

Albert Skowronik sprained his leg at school and was taken to Lac la Biche St. Catherine's Hospital.

Mr. and Mrs. Keith McAuley and Danny of Edmonton were home for a three day visit.

Keith A. McAuley is employed as a fireman after graduating with a mark of 97 percent.

Danny McAuley was honored on his fourth birthday, Sept. 8. He received several lovely gifts. The party was held at his grandfatheer's place, William Szweko.

Mr. and Mrs. Nick Berezuik visited at H. Lemicki's home for a few days.

Terry Nickolas Berezuik was taken to Athabasca Hospital last week.

Mike Kanarek and Stanley and Marion were Sunday visitors at the home of S. Kanarek.

As hunting season has opened several duck hunters were around the district with not much success.

Mr. and Mrs. P. Rywak who have returned home after spending six weeks with Mrs. Rywak's parents who are both 88 years of age. On their return, their families and relatives gave them a welcome home party.

Believe it or not, Mr. Adam Wojtowicz has some apple trees covered with apples similar in taste to McIntosh Reds. They are the size of a red cherry.

Plamondon

Sgt. John Hutton and Mrs. Hutton and family of St. Paul, paid a visit to the district visiting old friends.

Mr. and Mrs. Art Girard are the parents of a baby girl born Sept. 11.

C. Evoy from the Department of Health Education and son Bobby paid a short visit to Plamondon, en route to the teachers' Institute at Lac la Biche.

Plamondon School has re-opened for another term. There are 275 students attending, 191 pupils from 1-6, 62 from 7-9, and 22 in High School. The Sad Story of the Shrinking Dollar...

Pity this poor woman . . . perhaps a friend or neighbor of yours. She had the idea that if she got into the family car and drove many miles to THE BIG CITY, then she could do better with that shopping dollar than she could right here in our town.

When she finally reached home again, she was tired and unhappy . . . **but a lot wiser.** After figuring the cost of gasoline and oil, wear and tear on the car, parking fees, restaurant meals and the repair bill for a badly dented fender, that shopping dollar had shrunk so much she had to squint to see it.

Moral: Buy everything you need from your local merchants. Their stores may be smaller, but in selection, style and value they invite comparison with any other source. And local shopping is a relaxed pleasure, not a costly, time-consuming beating.

THIS MESSAGE BROUGHT TO YOU AS A PUELIC SERVICE BY

THE LAC LA BICHE HERALD

HERE'S HOW YOU BENEFIT BY DOING ALL YOUR SHOPPING LOCALLY

When you buy from your hometown merchants you get:

1. HONEST VALUES
2. AMPLE SELECTION
3. INSTANT DELIVERY, SERVICE AND ADJUSTMENT
4. MORE *PERSONAL* AND FRIENDLIER TREATMENT
5. SAVING OF TIME
6. RELIEF FROM COSTLY TRAVEL
7. FREEDOM FROM ROAD HAZARDS
8. ELIMINATION OF COSTLY PARKING PROBLEMS
9. AVOIDANCE OF JOSTLING CROWDS

Coleman automatic low-cost oil heating

Saves space — takes up no living room. It's simple to install—no basement, no excavating, no costly plumbing. And no air ducts are required! The new Coleman Oil Floor Furnace extends below floor level only 36". You get solid automatic oil heating comfort without work or worry.

"Here's Automatic Warm-Floor Comfort!"

The Coleman rewarms air off the floor, and circulates it for whole-house warmth. Warms 4 to 5 rooms, gives complete change of air 3 to 5 times an hour. Come in and see it!

ALSO AVAILABLE in DUAL WALL MODEL to heat adjoining rooms at same time.

Complete Installation

Comfort costs so little with a Coleman Floor Furnace
